BACKGROUND TO THE PROPOSALS

On 2 October 2013, PT announced the proposed Business Combination with Oi and the Oi Holding Companies, including TmarPart, to be combined into a single multinational telecommunications company based in Brazil. As a result of the Business Combination, Oi will become a wholly-owned subsidiary of TmarPart and PT will merge with and into TmarPart. PT will cease to exist and TmarPart will be the surviving company of the merger. The Consent Solicitation is seeking the consent of Noteholders to the Proposals in order to successfully reorganise the Notes ahead of the Capital Increase of Oi and the conclusion of the Business Combination.

Reasons for the Business Combination

PT believes that the Business Combination will:

- permit the formation of a single large multinational telecommunications company based in Brazil with more than 100 million customers in seven countries with a total population of approximately 260 million people;
- maintain the continuity of operations under the trademarks of Oi and PT in their respective regions of operation, subject to unified control and management by TmarPart;
- further consolidate the operations of Oi and PT, with the goal of achieving significant economies of scale, maximizing operational synergies, reducing operational risks, optimizing efficient investments and adopting best operational practices;
- strengthen the capital structure of TmarPart, facilitating its access to capital and financial resources;
- consolidate the shareholder bases of TmarPart, Oi and PT as holders of a single class of common shares or ADSs traded on the *Novo Mercado* segment of the BM&FBOVESPA, the NYSE and NYSE Euronext Lisbon;
- diffuse TmarPart's shareholder base, as a result of which no shareholder or group of shareholders will hold a majority interest in TmarPart's capital;
- result in the adoption by TmarPart of the corporate governance practices of the *Novo Mercado* segment of the BM&FBOVESPA; and
- promote greater liquidity of the TmarPart common shares than currently is available to holders of Oi and PT shareholders.

Business Combination Steps

The Business Combination is expected to be accomplished through a series of transactions that are expected to cumulatively result in Oi owning the assets comprising PT's operations other than its interests in Oi and Contax Participações S.A. ("**Contax Holding**"), Oi being a wholly-owned subsidiary of TmarPart and the shareholders of Oi and PT becoming shareholders of TmarPart. The three primary transactions are:

- the Capital Increase of Oi in which Oi is expected to issue (1) common and preferred shares for cash to investors, with a priority right of subscription for existing holders in Brazil of common and preferred shares of Oi, and (2) common shares and preferred shares to PT in exchange for the transfer by PT to Oi of all of the shares of PT Portugal, which is expected to own (a) all or substantially all of the operating assets of PT, except interests held directly or indirectly in Oi and Contax Holding and any other assets that the parties determine will not be transferred at that time to PT Portugal, and (b) all or substantially all of PT's liabilities at the time of the transfer;
- a merger of shares (*incorporação de ações*) under Brazilian law, a Brazilian transaction in which, subject to the approvals of the holders of voting shares of Oi and TmarPart, all of the Oi shares not owned by TmarPart will be exchanged for TmarPart common shares and Oi will become a wholly-owned subsidiary of TmarPart; and

- a merger (*incorporação*) under Portuguese and Brazilian law, of PT with and into TmarPart, with TmarPart as the surviving company. Pursuant to the proposed merger, each issued and then outstanding PT ordinary share will be cancelled and the holder thereof will automatically receive TmarPart common shares. As a result of the merger, PT will cease to exist.

Following the consummation of the Business Combination, Oi is expected to own the assets comprising PT's operations in Portugal, Africa and Asia, directly or indirectly through PT Portugal.

TmarPart's common shares are expected to be listed on the *Novo Mercado* segment of BM&FBOVESPA and the NYSE Euronext Lisbon, and TmarPart's ADSs are expected to be listed on the NYSE Euronext New York Stock Exchange.

Prior to the consummation of the Capital Increase, PT is expected to undertake a series of transactions with the purpose of disposing of its interests in CTX Participações S.A. ("**CTX**") and Contax Holding and transferring to PT Portugal all or substantially all of its assets, other than the interests it holds directly or indirectly in TmarPart and Oi and any other assets that the parties determine will not be transferred at that time to PT Portugal, and all or substantially all of its liabilities. In connection with the Capital Increase, a financial institution is expected to prepare a valuation report (the "**PT Assets Valuation Report**") to determine the value of the shares of PT Portugal (and consequently of the assets and liabilities to be transferred to PT Portugal).

In connection with the Business Combination, certain of TmarPart's direct and indirect shareholders have agreed to enter into a series of transactions designed to recapitalise TmarPart and those direct and indirect controlling shareholders, and TmarPart and those shareholders intend to use the proceeds of the recapitalisation to repay all of their outstanding indebtedness.

In connection with the Business Combination, after the recapitalisation of TmarPart and prior to the merger of shares and the merger, some of the holding companies that will directly or indirectly hold Oi shares following the recapitalisation transactions are expected to merge with and into Oi prior to the merger of shares and the merger.

See "*Part 4: Description of the Business Combination*" in the Disclosure Annex included in PT's report on Form 6-K furnished to the SEC on 7 February 2014 containing additional information in connection with the Consent Solicitation (which is incorporated herein by reference) (the "**Disclosure Annex**").

Conditions to the Business Combination

The steps of the Business Combination described above are subject to certain conditions described below. The definitive documents relating to the Business Combination have not yet been finalised and are subject to change by the parties. The descriptions below are based on the parties' current expectations for the terms and conditions.

The Capital Increase. As described above, PT is expected to subscribe for common shares and preferred shares of Oi in the Capital Increase in exchange for the transfer by PT to Oi of all of the shares of PT Portugal, which will hold the assets and liabilities described above under "*—Business Combination Steps.*" Pursuant to the Memorandum of Understanding, dated as of 1 October 2013, executed by the parties in connection with the Business Combination, if PT Assets Valuation Report assigns values on the date of its issuance lower than €1.9 billion, considering the conversion rate of Euros to *reais* on the date of its issuance, PT has the right not to accept the assessed valuation and not to consummate the subscription of shares in the Capital Increase. If this occurs, the Final Payment Conditions will not be satisfied.

In addition, PT's subscription to the Capital Increase of Oi is subject to a number of conditions, including, without limitation, the following:

- the approval of the PT Assets Valuation Report by the common shareholders of Oi;
- the minimum total amount to be subscribed in cash by investors must be at least equivalent to R\$7.0 billion;

- certain current shareholders of TmarPart, and BTG Pactual S.A., directly or through an investment vehicle managed and administered through Banco BTG Pactual S.A., must participate in the offering by placing a subscription order for approximately R\$2.0 billion;
- the authorisation, or a decision of non-opposition by, ANATEL; and
- the receipt of prior approvals of creditors and third parties, as well as the consent and waiver of creditors of PT for the execution of the Business Combination.

Oi's obligation to issue shares to PT in the Capital Increase is also subject to certain of the conditions set forth above and certain other conditions. In addition, the sale by Oi of common and preferred shares for cash to investors in the Capital Increase is expected to be subject to customary conditions applicable to an offering of shares in a capital markets transaction.

The conditions to the consummation of PT's subscription to the Capital Increase are waivable by PT or Oi, as the case may be, in their sole discretion.

The merger of shares. The boards of directors of each of TmarPart and Oi will have to approve a merger of shares in which, subject to the approvals of the holders of voting shares of TmarPart and Oi, all of the outstanding Oi shares not owned by TmarPart will be exchanged for TmarPart common shares and Oi will become a wholly-owned subsidiary of TmarPart. With the conclusion of the merger of shares, Oi will become a wholly-owned subsidiary of TmarPart.

The merger of shares must be approved at separate extraordinary general meetings of the shareholders of Oi and TmarPart. There are no conditions to the completion of the merger of shares other than:

- the approval of the merger of shares by (a) the affirmative vote of holders representing a majority of the number of issued and outstanding TmarPart common shares present or represented at a duly convened extraordinary general shareholders' meeting, and (b) the affirmative vote of holders representing a majority of the total number of issued Oi common shares;
- the approval of the merger of shares by ANATEL; and
- that the relevant registration statement has been declared effective by the SEC.

TmarPart will not be obliged to complete the Business Combination if the percentage of participation of PT in TmarPart exceeds 39.6% of TmarPart's total capital stock on a fully diluted basis after giving effect to the merger of shares.

The merger. The merger will be subject to the approval of the boards of directors of each of TmarPart and PT in which, subject to the approvals of the shareholders of TmarPart and PT, PT will merge with and into TmarPart, with TmarPart as the surviving company. As a result of the merger PT will cease to exist.

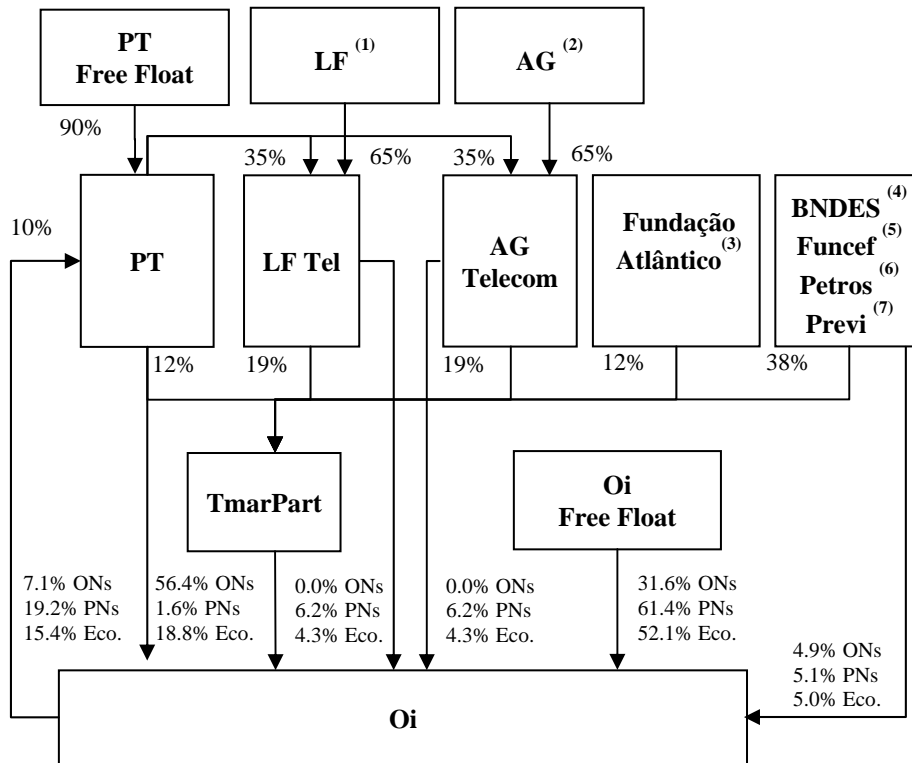

The merger must be approved at separate extraordinary general meetings of the shareholders of TmarPart and PT. There are no conditions to the completion of the merger other than:

- the approval of the merger by (1) the affirmative vote of holders representing a majority of the number of issued and outstanding TmarPart common shares present or represented at a duly convened extraordinary general shareholders' meeting, and (2) the affirmative vote of holders representing two-thirds of the total number of outstanding PT ordinary shares and A shares at a duly convened extraordinary general shareholders' meeting on first call;
- the approval of the merger of shares by the shareholders of TmarPart and Oi entitled to vote with respect to the merger of shares;
- the approval of the merger of shares and the merger by ANATEL;
- the approval of the merger by the Portuguese Competition Authority; and
- that the relevant registration statement has been declared effective by the SEC.

PT will not be obliged to complete the Business Combination if the percentage of the participation of PT in TmarPart is equal or less than 36.6% of the total capital stock of TmarPart on a fully diluted basis after giving effect to the merger of shares.

Summary Historical Financial Data of TmarPart

For summary historical financial data of TmarPart, please refer to Part 2 of the Disclosure Annex (*Description of TmarPart–Summary Historical Financial Data of TmarPart*).

THE CONSENT SOLICITATION

1. General

On the terms and subject to the conditions contained in this Consent Solicitation Memorandum, the Issuer is soliciting the approval of the Proposals by Noteholders of each Series by way of separate Extraordinary Resolutions pursuant to the Conditions and the Trust Deed.

The failure of any person to receive a copy of this Consent Solicitation Memorandum or any notice issued by an Issuer in connection with the Consent Solicitation shall not invalidate any aspect of the Consent Solicitation.

No acknowledgement of receipt of any Consent Instruction and/or other documents will be given by the Issuer, PT, PTC, Oi, TmarPart, the Solicitation Agents or the Tabulation Agent.

The Consent Solicitation is not being made and will not be made directly or indirectly in the United States of America, or by use of the U.S. mail or any U.S. means or instrumentality of U.S. interstate or foreign commerce or any facility of a U.S. national securities exchange. This includes, but is not limited to, facsimile transmission, electronic mail, social media, telex, telephone and the Internet. Accordingly, copies of the attached Consent Solicitation Memorandum are not being, and must not be, mailed or otherwise transmitted or distributed in or into the United States of America. The Consent Solicitation is not extended to any Noteholder whose participation in the Consent Solicitation would violate the laws of its jurisdiction of residence or domicile, including, but not limited to, any Noteholder whose residence or domicile is located in the United States of America.

2. Rationale for the Proposals

The Issuer is seeking the consent of Noteholders to the Proposals in order to successfully reorganise the Issuer's outstanding bond debt ahead of the Capital Increase and Business Combination and waive any and all of the Events of Default and Potential Events of Default that may be triggered by the Capital Increase and/or the Business Combination or any transaction executed as part of, or pursuant to, the Capital Increase and/or the Business Combination, as more fully described in "*Background to the Proposals*" above.

The Issuer is also undertaking a consent solicitation in respect of its outstanding €750,000,000 4.125 per cent. Exchangeable Bonds due 2014 (ISIN XS0309600848) and PT is undertaking a consent solicitation in respect of its outstanding €400,000,000 6.25 per cent. Notes due 2016 under the Programme (ISIN PTPTCYOM0008).

3. Description of the Proposals

The Issuer is inviting the Noteholders of each Series to approve, by separate Extraordinary Resolutions pursuant to the Conditions and the Trust Deed in respect of each Series, modifications to the Conditions and Trust Deed as follows and as further described in the Supplemental Trust Deed (items (i) to (iii) together, the "**Proposals**"): (i) the release and discharge of PT, as keep well provider, from all of its obligations under the PT Keep Well Agreement and the release and discharge of PTC, as keep well provider, from all of its obligations under the PTC Keep Well Agreement; (ii) the addition of an unconditional and irrevocable guarantee from Oi; and (iii) the waiver of any and all of the Events of Default and Potential Events of Default (as such terms are defined in the Trust Deed) that may be triggered by the Capital Increase and/or the Business Combination or any transaction executed as part of, or pursuant to, the Capital Increase and/or the Business Combination.

The Proposals include all consequential amendments necessary to implement the above modifications, and also certain other amendments to the Conditions of the Notes including, *inter alios*, providing that:

- the definition of "**Relevant Subsidiary**", which is used in the cross acceleration condition, will be determined by reference to the percentage of consolidated turnover that a subsidiary of PT Portugal represents of PT Portugal and its subsidiaries on a consolidated basis;

- the Change of Control Put Option will be amended so that it will not apply if TmarPart gains control of the Guarantor, and the time periods in respect of the Change of Control Put Option will be amended so that "**Change of Control Period**" means the period commencing on the Date of Announcement and ending on the 90th (rather than 120th) day following the Date of Announcement; and "**Put Period**" will mean the period from, and including, the date of a Put Event Notice to, but excluding, the 30th (rather than 45th) day following the date of the Put Event Notice or, if earlier, the eighth day immediately preceding the Maturity Date;
- an Event of Default will have to be continuing to entitle the Trustee or Noteholders to exercise remedies in respect of Events of Default;
- an Issuer will be entitled to exercise a call option if the principal amount of the Notes outstanding following a Change of Control Put Event is less than 10 per cent. of the original outstanding principal amount of such Notes; and
- the substitution condition will be amended to allow for the substitution of the Guarantor, in addition to the substitution of the Issuer, subject to the conditions for such substitution, as set out in the Trust Deed, being satisfied.

All terms defined in the paragraphs above shall have the meanings given to them in the Conditions.

These amendments are set out in full in the Supplemental Trust Deed, copies of which may be requested from the Tabulation Agent and which are also available for inspection at the office of the Tabulation Agent at the address stated on the back page of this Consent Solicitation Memorandum.

If the relevant Extraordinary Resolution is passed, the waivers of Events of Default and Potential Events of Default referred to in limb (iii) of the description of the Proposals above will be effective immediately, provided that the Supplemental Trust Deed is executed prior to the completion of the Capital Increase. If the Supplemental Trust Deed is not executed prior to the completion of the Capital Increase, such waivers will be rescinded and will be deemed never to have been given. These Events of Default and Potential Events of Default may result from, *inter alios*, the cessation of business of PT; the termination of the PT Keep Well Agreement; the termination of the PTC Keep Well Agreement; and any other breach of obligations or undertakings under the Conditions or the Trust Deed that may occur as a result of the Capital Increase and/or the Business Combination, or any transaction executed as part of, or pursuant to, the Capital Increase and/or the Business Combination, however so described.

The other Proposals in relation to the Notes will be implemented by the Supplemental Trust Deed. The guarantee of the Notes by Oi is set out in the Supplemental Trust Deed. The execution of the Supplemental Trust Deed in respect of any Series of Notes will take place after the relevant Extraordinary Resolution has been passed, although the terms of the Supplemental Trust Deed remain conditional on, and will not take effect unless and until, the completion of the Capital Increase.

The Proposals in respect of each Series are independent and are not conditional on the approval of the Extraordinary Resolution in respect of the other Series (or on the passing of any other extraordinary resolution by the holders of any other securities of the Issuer). As such, the Proposals in respect of each Series may be implemented if the relevant Extraordinary Resolution is approved, whether or not the Extraordinary Resolution in respect of the other Series (or any other extraordinary resolution by the holders of any other securities of the Issuer) is also approved.

The Issuer reserves the right in its absolute discretion to withdraw any or all of the Proposals or to refrain from entering into the Supplemental Trust Deed even if the relevant Extraordinary Resolution is passed, as more fully described in "*- Extension, Amendment and Termination*" below.

4. **Early Consent Fee and Late Consent Fee**

Subject to satisfaction of the Payment Conditions, Noteholders who either deliver, or procure delivery on their behalf, of a valid Consent Instruction, in the manner described in "*The Consent Solicitation - Procedures for Voting*" in favour of the relevant Extraordinary Resolution (which is not validly revoked) will be eligible to receive either the Early Consent Fee or the Late Consent Fee, as follows:

- (i) if such Consent Instruction is received by the Tabulation Agent **by the Early Voting Deadline**, the relevant Noteholder will be eligible to receive the Early Consent Fee of 0.40 per cent. of the aggregate principal amount of Notes which are the subject of such Consent Instruction; or
- (ii) if such Consent Instruction is received by the Tabulation Agent **after the Early Voting Deadline but prior to the Expiration Deadline**, the relevant Noteholder will be eligible to receive the Late Consent Fee of 0.15 per cent. of the aggregate principal amount of Notes which are the subject of such Consent Instruction.

Early Consent Fee

An Early Consent Fee of 0.40 per cent. of the aggregate principal amount of Notes which are the subject of a Consent Instruction in favour of the relevant Extraordinary Resolution will be paid in two instalments, on the First Payment Date and the Final Payment Date, respectively, if the relevant Payment Conditions are satisfied, as follows:

- (a) 0.15 per cent. of the aggregate principal amount of Notes which are the subject of a Consent Instruction in favour of the relevant Extraordinary Resolution will be payable on the First Payment Date, if the First Payment Condition is satisfied; and
- (b) 0.25 per cent. of the aggregate principal amount of Notes which are the subject of a Consent Instruction in favour of the relevant Extraordinary Resolution will be payable on the Final Payment Date, if the Final Payment Conditions are satisfied.

Late Consent Fee

A Late Consent Fee of 0.15 per cent. of the aggregate principal amount of Notes which are the subject of a Consent Instruction in favour of the relevant Extraordinary Resolution (which is not validly revoked) will be payable in one instalment on the Final Payment Date, if the Final Payment Conditions are satisfied.

None of Early Consent Fee, the Late Consent Fee and any other funds must or will be transmitted, directly or indirectly, into the United States of America in connection with the Consent Solicitation.

The Issuer will at any time have the discretion to accept any Consent Instructions which would otherwise be invalid or, in the sole opinion of the Issuer, may otherwise be invalid.

The Issuer may reject Consent Instructions which it considers in its sole discretion not to have been validly submitted in the Consent Solicitation and the Issuer is under no obligation to the Noteholders to furnish any reason or justification for refusing to accept such Consent Instructions. **For example, Consent Instructions may be rejected and not accepted if any such Consent Instructions do not comply with the requirements of a particular jurisdiction or if it is determined that a Noteholder's participation in the Consent Solicitation would not be permitted under the laws of its jurisdiction or residence or domicile, including if such Noteholder's residence or domicile is located in the United States of America.**

5. **Notices**

Notices throughout the Consent Solicitation will be published via RNS. Such Notices will also be delivered to Euroclear and Clearstream, Luxembourg for communication to Direct Participants, and may also be published on a relevant Reuters/Bloomberg page or in the Financial Times, or by any other means, at the discretion of the Issuer and the Solicitation Agents.

Notices will not be given to any person in the United States of America, or by use of the U.S. mail or any U.S. means or instrumentality of U.S. interstate or foreign commerce or any facility of a U.S. national

securities exchange. This includes, but is not limited to, facsimile transmission, electronic mail, social media, telex, telephone and the Internet. Accordingly, such Notices will not, and must not be, mailed or otherwise transmitted or distributed in or into the United States of America.

6. **The Meetings**

The Meeting in respect of the 2016 Notes will start at 10:15 a.m. (London time) on 3 March 2014, with subsequent meetings in respect of the March 2017 Notes, the November 2017 Notes, the 2018 Notes, the 2019 Notes, the 2020 Notes and the 2025 Notes being held (in this order) at 10 minute intervals thereafter or after the completion of the preceding meeting (whichever is later), in each case at the offices of Clifford Chance LLP, 10 Upper Bank Street, London E14 5JJ, United Kingdom.

The quorum required for the initial Meetings of the holders of the Notes is one or more persons present holding Voting Certificates or being proxies or representatives and holding or representing in the aggregate more than 50 per cent. in nominal amount of the Notes of the relevant Series for the time being outstanding (as defined in the Trust Deed). In the event that such quorum is not obtained at any such initial Meeting, the Meeting will be adjourned for not less than 14 clear days nor more than 42 clear days, and to such place as may be appointed by the chairman either at or subsequent to such meeting and approved by the Trustee. At any adjourned Meeting one or more persons present holding Voting Certificates, or being proxies or representatives (whatever the nominal amount of the outstanding Notes held or represented by them) shall form a quorum. In the event that the required quorum is not obtained at such adjourned Meeting, the chairman may either (with the approval of the Trustee) dissolve such meeting or adjourn the same for such period, being not less than 14 clear days, and to such place as may be appointed by the chairman either at or subsequent to such adjourned meeting and approved by the Trustee.

The holding of any adjourned Meeting will be subject to the Issuer giving notice, in accordance with the Conditions and the provisions for meetings of Noteholders set out in the Trust Deed that such adjourned Meeting is to be held.

To be passed at the relevant Meeting, any Extraordinary Resolution requires a majority of not less than three-fourths of the persons voting at the Meeting upon a show of hands, or if by poll, then by a majority consisting of not less than three-fourths of the votes cast on such poll. If passed, the Extraordinary Resolution shall be binding on all Noteholders of the relevant Series, whether present or not at the relevant Meeting at which it is passed and whether or not voting.

Noteholders should refer to the Notice for full details of the procedures in relation to the relevant Meeting.

7. **Procedures for Voting**

On or after the date of this Consent Solicitation Memorandum, a Noteholder may vote in relation to the Consent Solicitation by submitting a Consent Instruction in accordance with this section "*Procedures for Voting*". Consent Instructions must be delivered to the Tabulation Agent via the relevant Clearing System by Direct Participants in accordance with the requirements of such Clearing System. Noteholders who wish to attend and vote, or otherwise be represented, at the relevant Meeting (or any such adjourned Meeting) in person should provide the Tabulation Agent via the relevant Clearing System with instructions to be issued a Voting Certificate.

Consent Instructions must be received by the Tabulation Agent by the Early Voting Deadline or the Expiration Deadline (see "*Indicative Solicitation Timetable*"), taking into account the deadlines set by Clearing Systems and any intermediary through which a Noteholder may hold Notes.

Noteholders may contact the Tabulation Agent via email or at its telephone number provided on the last page of this Consent Solicitation Memorandum if they require assistance or information in relation to the procedures for submitting Consent Instructions or requesting Voting Certificates.

Only Direct Participants may submit a Consent Instruction. If you are not a Direct Participant you must arrange for the Direct Participant through which you hold Notes to submit a Consent Instruction on your behalf to the Tabulation Agent through the relevant Clearing System.

Holders of Notes that are held in the name of a broker, dealer, bank, trust company or other nominee or custodian should contact such entity sufficiently in advance of the Early Voting Deadline or the Expiration Deadline if they wish to vote and procure that the Notes are blocked in accordance with the standard procedures of the relevant Clearing System and the deadlines imposed by such Clearing System.

Noteholders are advised to check with any broker, dealer, bank, custodian, trust company or other trustee through which they hold Notes whether such broker, dealer, bank, custodian, trust company or other trustee would require receiving any notice or instructions prior to the deadlines set out in "Indicative Solicitation Timetable".

As described above in the section "- General", the Consent Solicitation is not extended to any Noteholder whose participation in the Consent Solicitation would violate the laws of its jurisdiction of residence or domicile, including, but not limited to, any Noteholder whose residence or domicile is located in the United States of America. Accordingly, no person will be permitted to submit a Consent Instruction from the United States of America or by use of the U.S. mail or any U.S. means or instrumentality of U.S. interstate or foreign commerce or any facility of a U.S. national securities exchange.

All questions as to the form of documents and validity, eligibility (including time of receipt) and acceptance of Consent Instructions will be determined by the Issuer in its sole discretion, and such determination will be final and binding. The Issuer reserves the absolute right to reject any or all Consent Instructions which it determines are not in proper form or which may, upon the advice of the Issuer's legal counsel, be unlawful, including, without limitation, if it is determined that a Noteholder's participation in the Consent Solicitation would not be permitted under the laws of its jurisdiction or residence or domicile, including if such Noteholder's residence or domicile is located in the United States of America. The Issuer also reserves the absolute right to waive any defect, irregularity or delay with regard to any of the Consent Instructions. The Issuer also reserves the absolute right to waive any such defect, irregularity or delay as to particular Consent Instructions, whether or not it elects to waive similar defects, irregularities or any delay in the case of other Consent Instructions. Any defect, irregularity or delay must be cured within such time as the Issuer determines, unless waived by it. Consent Instructions in the Consent Solicitation will be deemed not to have been made until such defects, irregularities or delays have been cured or waived. None of the Issuer, PT, PTC, Oi, TmarPart, the Solicitation Agents, the Trustee, the Paying Agents and the Tabulation Agent shall be under any duty to give notice to Noteholders of any defects, irregularities or delays in any Consent Instructions, nor shall any of them incur any liability for failure to give such notice.

Restrictions on Transfer and Revocation

The receipt of a Consent Instruction by the relevant Clearing System will be acknowledged in accordance with the standard practices of such Clearing System and will result in the blocking of the Notes in the relevant Clearing System so that no transfer may be effected in relation to such Notes. Holders of Notes must take the appropriate steps through the relevant Clearing System so that no transfers or other action may be effected in relation to such blocked Notes at any time after the date of submission of such Consent Instruction, in accordance with the requirements of the relevant Clearing System and the deadlines required by such Clearing System. By blocking such Notes in the relevant Clearing System, each holder of Notes will be deemed to consent to have the relevant Clearing System provide details concerning such holder's identity to the Tabulation Agent.

Consent instructions submitted in the Consent Solicitation by a Noteholder, or the relevant Direct Participant on its behalf, may be revoked by that Noteholder, or the relevant Direct Participant on its behalf, before the Revocation Deadline by submitting valid revocation instructions to the Tabulation Agent through the relevant Clearing System. To be valid, such revocation instruction must specify the Notes to which the original Consent Instruction related, the securities account in which such Notes are credited and any other information required by the Tabulation Agent.

Acknowledgements, Agreements, Representations, Warranties and Undertakings

By submitting a valid Consent Instruction to the Tabulation Agent through the relevant Clearing System, the holder of the relevant Notes and any Direct Participant submitting such Consent Instruction on such Noteholder's behalf shall be deemed to agree, acknowledge, represent, warrant and undertake to the Issuer, PT, PTC, Oi, TmarPart, the Solicitation Agents, the Trustee, the Paying Agents and the Tabulation Agent

the following on each of the Early Voting Deadline or the Expiration Deadline, the date of the relevant Meeting, the First Payment Date and the Final Payment Date (if the holder of such Notes or the Direct Participant is unable to give these acknowledgements, agreements, representations, warranties and undertakings, such holder or, Direct Participant should contact the Solicitation Agents immediately):

- (a) it has received and reviewed and accepts the terms, conditions, risk factors and other considerations of the Consent Solicitation and the relevant Extraordinary Resolution, all as described in this Consent Solicitation Memorandum, including all the information incorporated by reference herein;
- (b) by blocking the Notes in the relevant Clearing System, it will be deemed to consent to have such Clearing System provide details concerning the Direct Participant's identity to the Tabulation Agent;
- (c) it instructs the Principal Paying Agent to appoint one or more representatives of the Tabulation Agent as its proxy to vote in favour of or against the relevant Extraordinary Resolution in accordance with its directions in respect of all of the Notes in its account blocked in the relevant Clearing System;
- (d) all authority conferred or agreed to be conferred pursuant to these acknowledgements, agreements, representations, warranties and undertakings, and all of its obligations thereunder, shall be binding upon its successors, assigns, heirs, executors, trustees in bankruptcy and legal representatives, and shall not be affected by, and shall survive, its death or incapacity;
- (e) no information has been provided to it by the Issuer, PT, PTC, Oi, TmarPart, the Solicitation Agents, the Trustee, the Paying Agents or the Tabulation Agent, or any of their respective directors or employees, with regard to the financial, legal or tax consequences for holders of Notes arising from the Consent Solicitation and the receipt of the Early Consent Fee or the Late Consent Fee (as applicable), and it acknowledges that it is solely liable for any taxes and similar or related payments imposed on it under the laws of any applicable jurisdiction as a result of the Consent Solicitation and agrees that it will not and does not have any right of recourse (whether by way of reimbursement, indemnity or otherwise) against the Issuer, PT, PTC, Oi, TmarPart, the Solicitation Agents, the Trustee, the Paying Agents, the Tabulation Agent or any of their respective directors or employees, or any other person in respect of such taxes and payments;
- (f) it is not a person to whom it is unlawful to make the Proposals pursuant to the Consent Solicitation under applicable securities laws and it is permitted under the laws of its jurisdiction of residence and domicile to participate in the Consent Solicitation, including that its residence or domicile is not located in the United States of America; and
- (g) it holds and will hold, until the earliest of (i) the date on which the relevant Consent Instruction is validly revoked in accordance with the terms of this Consent Solicitation Memorandum; (ii) the conclusion of the relevant Meeting (or, if applicable, any adjournment of such Meeting); and (iii) the date on which the Consent Solicitation is terminated by the Issuer (provided that such termination is more than 48 hours before the time set for the relevant Meeting), the relevant Notes blocked in the relevant Clearing System and, in accordance with the requirements of such Clearing System and by the deadline required by such Clearing System, it has submitted, or has caused to be submitted, an instruction to such Clearing System to authorise the blocking of the Notes and with effect on and from the date thereof no transfers of such Notes may be effected.

Validity of Consent Instructions for adjourned meetings

Any Consent Instruction received by the Tabulation Agent before the Expiration Deadline (and which has not been revoked) will remain valid for the purposes of any adjourned meeting.

Irrevocability

For the avoidance of doubt, the submission of a valid Consent Instruction in accordance with the procedures described above will be irrevocable unless validly revoked before the Revocation Deadline.

8. **Extension, Amendment and Termination**

Notwithstanding any other provision of the Consent Solicitation, the Issuer may, subject to applicable laws, at its option:

- (a) amend the Consent Solicitation (other than the terms of the relevant Extraordinary Resolution) in any respect; or
- (b) amend or modify drafts of the Supplemental Trust Deed or the Supplemental Agency Agreement.

No material amendment may be made later than 10:00 a.m. (London time) on the second Business Day before the Revocation Deadline.

If any such amendment as is referred to in (a) above is made which, in the Issuer's opinion (in consultation with the Solicitation Agents and the Trustee), is materially prejudicial to the interests of the relevant Noteholders, the relevant Extraordinary Resolution will not be presented to the Meeting and a new meeting may be convened by the Issuer to consider a new extraordinary resolution which incorporates those amendments.

The Issuer will ensure that Noteholders are notified of any such amendment or extension as soon as is reasonably practicable thereafter (and in any event not later than 10:00 a.m. (London time) on the second Business Day before the Revocation Deadline) by giving notice using the methods set out in "*The Consent Solicitation – Notices*" above.

The Issuer also reserves the right to waive any or all of the conditions of the Consent Solicitation as set out in this Consent Solicitation Memorandum subject as set out above.

The Issuer reserve the right, at its sole discretion, to withdraw any or all of the Proposals at any time before the relevant Meeting(s) (or any adjourned Meeting(s)) or to refrain from entering into the Supplemental Trust Deed or the Supplemental Agency Agreement even if the relevant Extraordinary Resolution is passed. In the event that any Proposals are withdrawn, the relevant Meeting will still be held, but the Issuer will be under no obligation to enter into the Supplemental Trust Deed or the Supplemental Agency Agreement to give effect to the amendments contained in the relevant Extraordinary Resolution.

The Issuer also reserves the right, at its sole discretion at any time prior to the Expiration Deadline, to terminate the Consent Solicitation.

9. **Governing Law and Forum**

The Consent Solicitation, this Consent Solicitation Memorandum, any Consent Instruction, any Voting Certificate and all contracts resulting therefrom and any non-contractual obligation arising out of or in connection with any of them, shall be governed by, and construed in accordance with, the laws of England. Submission by, or on behalf of, a Noteholder of a Consent Instruction constitutes his or her submission, in relation to all matters arising out of or in connection with the Consent Solicitation, this Consent Solicitation Memorandum, any Consent Instruction and all contracts resulting therefrom and any non-contractual obligation arising out of or in connection with any of them, to the exclusive jurisdiction of the courts of England.

RISK FACTORS AND OTHER CONSIDERATIONS

Before making a decision with respect to the Consent Solicitation, Noteholders should carefully consider, in addition to the other information contained in this Consent Solicitation Memorandum, the following matters.

Risks and other Considerations Related to the Proposals

All Noteholders of a Series of Notes are bound by the relevant Extraordinary Resolution.

If the Extraordinary Resolution relating to a Series is passed and if the Proposals are implemented, all Noteholders of such Series will be bound by the Proposals, including those that voted against or abstained from voting on the Proposals.

Implementation of Proposals.

The waivers of Events of Default and Potential Events of Default referred to in each Extraordinary Resolution will be effective immediately if such Extraordinary Resolution is passed provided that the Supplemental Trust Deed is executed prior to the completion of the Capital Increase. If the Supplemental Trust Deed is not executed prior to the completion of the Capital Increase, such waivers will be rescinded and will be deemed never to have been given.

The other Proposals in relation to the Notes will be implemented by the Supplemental Trust Deed. The guarantee of the Notes by Oi is set out in the Supplemental Trust Deed. The execution of the Supplemental Trust Deed in respect of any Series of Notes will take place after the relevant Extraordinary Resolution has been passed, although the terms of the Supplemental Trust Deed remain conditional on, and will not take effect unless and until, the completion of the Capital Increase.

The Proposals in respect of each Series are not conditional on the approval of the Extraordinary Resolutions in respect of other Series.

The Proposals in respect of each Series are independent and are not conditional on the approval of the Extraordinary Resolution in respect of the other Series (or on the passing of any other extraordinary resolution by the holders of any other securities of the Issuer). As such, the Proposals in respect of each Series may be implemented if the relevant Extraordinary Resolution is approved, whether or not the Extraordinary Resolution in respect of the other Series (or any other extraordinary resolution by the holders of any other securities of the Issuer) is also approved.

No assurance that the Proposals will be implemented.

The implementation of the Proposals is conditional on not only the passing of the Extraordinary Resolution in respect of the relevant Series and completion of the Capital Increase (including the conditions thereto - see "*Background to the Proposals – Conditions to Business Combination*") but it is also dependent on the directors of Oi approving the giving of the guarantee by Oi in respect of the Notes. Accordingly no assurance is given that the Proposals in respect of any Series will be implemented.

Furthermore, the Issuer reserves the right in its absolute discretion to withdraw any or all of the Proposals or to refrain from entering into the Supplemental Trust Deed or the Supplemental Agency Agreement, even if the relevant Extraordinary Resolution is passed.

The implementation of the Proposals may be subject to significant delay.

The timing for the implementation of the Proposals will be delayed if there is any delay in the completion of the Capital Increase and/or the Business Combination. Accordingly, the implementation of the Proposals may be delayed significantly beyond the date set out in the Indicative Solicitation Timetable. Any such delay shall not invalidate any approved Extraordinary Resolution or impair the Issuer's ability to implement the Proposals once the relevant conditions have been satisfied.

Notes held through the Clearing Systems.

In relation to the delivery or revocation of electronic voting instructions or obtaining Voting Certificates or otherwise making arrangements for the giving of voting instructions, in each case through the Clearing

Systems, Noteholders should note the particular practice and policy of the relevant Clearing System, including any earlier deadlines set by such Clearing System.

Voting in respect of the Consent Solicitation.

A Noteholder should either deliver or procure delivery on its behalf of a valid Consent Instruction in respect of the relevant Extraordinary Resolution to the Tabulation Agent through the relevant Clearing System before the Early Voting Deadline or the Expiration Deadline in accordance with the terms of this Consent Solicitation Memorandum and not validly revoke its Consent Instruction. Only Direct Participants may validly deliver Consent Instructions. Noteholders who are not Direct Participants should arrange for the Direct Participant through which they hold their Notes to deliver a Consent Instruction on their behalf to the Tabulation Agent through the relevant Clearing System, as more particularly described below under "*The Consent Solicitation – Procedures for Voting*".

Noteholders who have not delivered or arranged for the delivery of a Consent Instruction as provided above but who wish to attend and vote at the relevant Meeting or otherwise give voting instructions may do so by requesting a Voting Certificate or otherwise in accordance with the voting procedures set out in the Notice and the Trust Deed.

Early Consent Fee and Late Consent Fee.

Noteholders should note that the Early Consent Fee or the Late Consent Fee (as applicable) is only payable to a Noteholder who has either delivered or procured delivery on its behalf of a valid Consent Instruction in favour of the relevant Extraordinary Resolution in respect of the Consent Solicitation in accordance with the terms of this Consent Solicitation Memorandum and not validly revoked its Consent Instruction. In order to be eligible for the Early Consent Fee, the Consent Instruction must be received by the Tabulation Agent by the Early Voting Deadline, or, in order to be eligible for the Late Consent Fee, such Consent Instruction must be received after the Early Voting Deadline but prior to the Expiration Deadline.

Noteholders should note that the Early Consent Fee is payable in two instalments and that the Late Consent Fee is payable in one instalment, and only in the event that the Payment Conditions are satisfied. See "*The Consent Solicitation – Early Consent Fee and Late Consent Fee*" for further details.

Only Direct Participants may deliver a valid Consent Instruction to the Tabulation Agent through the relevant Clearing System. To the extent that the beneficial owner of the Notes is not a Direct Participant, the Early Consent Fee or Late Consent Fee (as applicable) will only be paid to the relevant Direct Participant and such payment to the Direct Participant will satisfy the obligations of the Issuer in respect of the payment of the Early Consent Fee or the Late Consent Fee (as applicable).

Restrictions on the transfer of Notes.

When considering whether to submit a Consent Instruction or to request a Voting Certificate in order to attend and vote at the relevant Meeting in person, Noteholders should take into account that restrictions on the transfer of the Notes by Noteholders will apply from the time of such submission or request. Noteholders will, on submitting a Consent Instruction or requesting a Voting Certificate, agree that the relevant Notes will be blocked in the relevant Clearing System with effect from the date on which the Consent Instruction is submitted or the Voting Certificate is requested (as the case may be) until, in the case of a Consent Instruction, the earlier of (i) the date on which the Consent Solicitation is terminated by the Issuer (provided that such termination is more than 48 hours before the time set for the relevant Meeting) and (ii) the conclusion of the relevant Meeting (or, if applicable, any adjournment of the relevant Meeting), subject to valid revocation, or in the case of a Voting Certificate, the earlier of (i) the conclusion of the relevant Meeting (or, if applicable, the relevant adjourned Meeting) and (ii) the surrender of the Voting Certificate to the Paying Agent who issued the same and the notification by such Paying Agent to the relevant Clearing System of such surrender or the compliance in such other manner with the rules of the relevant Clearing System.

Responsibility for Complying with the Procedures of the Consent Solicitation.

Noteholders are responsible for complying with all of the procedures for voting. None of the Issuer, PT, PTC, Oi, TmarPart, the Solicitation Agents, the Trustee, the Paying Agents and the Tabulation Agent

assume any responsibility for informing Noteholders of defects, irregularities or delays with respect to Consent Instructions or Voting Certificates.

Irrevocability of Consent Instructions.

Notwithstanding the right of Noteholders to revoke Consent Instructions or Voting Certificates, such revocation will only be accepted if validly submitted before the Revocation Deadline.

Subsequent Offers.

Whether or not the Proposals are implemented for any of the Notes, Oi or the Issuer may at any time make or procure the making of a new proposal to the Noteholders (or any of them) on such terms as they or it may determine. Any such new proposal may be materially less or more favourable to Noteholders.

Risks Related to the Business Combination.

The terms and conditions of the Business Combination remain subject to negotiation and modification, and those terms and conditions could be modified following the Early Voting Deadline or the Expiration Deadline in a manner that Noteholders may deem to be important.

The Consent Solicitation has been commenced prior to the implementation of the steps of the Business Combination described in "Background to the Proposals" and in the Disclosure Annex incorporated by reference herein. The description of the terms and conditions of the Business Combination, the description of the risks relating to the Business Combination and the other information regarding the Business Combination, PT, Oi and TmarPart is based on the parties' current expectations of the terms and conditions and information currently available. The terms and conditions of the Business Combination could be modified following the Early Voting Deadline or the Expiration Deadline, as the case may be, as a result of negotiations among the parties, requirements of regulatory authorities or other factors, including in a manner that Noteholders may deem to be important.

The implementation of the Business Combination may face significant challenges, and the ultimate advantages expected to be derived from this transaction will continue to be subject to a number of factors that are beyond the Issuers' control.

The implementation of the Business Combination may present significant challenges, including unanticipated costs and delays, shareholder or creditor opposition, regulatory interference and excessive diversion of the attention of the management of Portugal Telecom, Oi and TmarPart from the day-to-day management of their respective operating activities. If the senior management of Portugal Telecom, Oi and TmarPart are unable to efficiently implement the Business Combination, the businesses of Portugal Telecom, Oi and TmarPart could suffer. It cannot be guaranteed that the management of Portugal Telecom, Oi and TmarPart will successfully or cost-effectively implement the Business Combination.

The Business Combination may not result in the benefits that Portugal Telecom, Oi and TmarPart seek to achieve.

The ultimate advantages which are expected to derive from the Business Combination, such as the achievement of economies of scale, the maximisation of operational synergies, the reduction of operational risks, the optimisation of efficient investments, the adoption of best operational practices, the increased liquidity for the shareholders of Oi and Portugal Telecom and the diversification of the shareholder bases of Portugal Telecom, Oi and TmarPart, will depend upon, among other factors, TmarPart's future performance, market conditions, investor interest in TmarPart's securities, the retention of key employees, the successful integration of the companies and general economic, political and business conditions in Brazil, Portugal and other countries in which TmarPart operates. The integration of Portugal Telecom, Oi and TmarPart will be a complex, costly and time-consuming process. There is no guarantee that the benefits that Portugal Telecom, Oi and TmarPart seek to achieve through the Business Combination will be realised. Any failure to integrate the companies or achieve the synergies and other benefits of the Business Combination could cause significant operating inefficiencies and affect the profitability of TmarPart and its consolidated subsidiaries, including Oi.

TmarPart may have actual or potential conflicts of interest with the Noteholders relating to the Business Combination, and TmarPart's significant shareholders who negotiated the terms of the Business Combination may have different interests from Noteholders' interests.

TmarPart may have actual or potential conflicts of interest with the Noteholders because Portugal Telecom, Andrade Gutierrez S.A. and Jereissati Telecom S.A., the controlling shareholders of TmarPart and thus, of Oi, exercise voting control over the boards of directors of TmarPart and Oi. While the exchange ratios for the merger of shares will be determined in accordance with all applicable laws and regulations in Brazil and the exchange ratio for the merger will be determined in accordance with all applicable laws and regulations in Portugal, these ratios may be higher or lower than those that could be achieved through negotiations between parties without cross-shareholding relationships. Other terms and conditions of the Business Combination may also differ from those that could have been achieved through negotiations between parties without cross-shareholder relationships, and the Noteholders might have preferred such other terms, including any terms that might have enhanced the financial condition, liquidity or results of operations of Oi or PT Portugal.

In addition, the terms of the Business Combination include the use of funds of Portugal Telecom to subscribe for convertible debentures, the proceeds of which will ultimately be used to repay substantially all of the indebtedness of AG Telecom, LF Tel and TmarPart. This use of funds to subscribe for convertible debentures and to repay substantially all of the indebtedness of these shareholders of Oi might be different than the terms of a transaction that could have been achieved in negotiations between parties without cross-shareholding relationships. Noteholders might have preferred different terms or a different use for Portugal Telecom's funds.

After the completion of the Business Combination, TmarPart and Oi will have a substantial amount of existing debt, which could restrict their financing and operating flexibility and have other adverse consequences.

As of 30 September 2013, (1) Oi had aggregate outstanding indebtedness in the amount of R\$34,731 million, (2) Portugal Telecom had aggregate outstanding indebtedness in the amount of €7,350 million (R\$22,349 million) and (3) TmarPart had aggregate outstanding indebtedness in the amount of R\$3,329 million, excluding the debt of its consolidated subsidiaries. Although TmarPart expects that all of its outstanding debt (other than debt of its consolidated subsidiaries) will be repaid prior to the completion of the Business Combination, Oi and Portugal Telecom will remain subject to certain financial covenants that will limit their ability to incur additional debt. The level of TmarPart consolidated indebtedness after the completion of the Business Combination and the requirements and limitations imposed by these debt instruments could adversely affect TmarPart financial condition or results of operations. In particular, the terms of some of these debt instruments will restrict the ability of TmarPart's subsidiaries, to:

- incur additional debt;
- grant liens;
- pledge assets;
- sell or dispose of assets; and
- make certain acquisitions, mergers and consolidations.

Furthermore, some of these debt instruments include financial covenants that will require Oi to maintain certain specified financial ratios. Additionally, the instruments governing a substantial portion of these debt instruments contain cross-default or cross-acceleration clauses and the occurrence of an event of default under one of these instruments could trigger an event of default under other indebtedness or enable the creditors under other indebtedness to accelerate that indebtedness.

If TmarPart or its subsidiaries are unable to incur additional debt after the completion of the Business Combination, TmarPart may be unable to invest in its businesses and make necessary or advisable capital expenditures, which could reduce future net operating revenue and adversely affect TmarPart profitability. In addition, cash required to service the indebtedness of TmarPart after the completion of the Business Combination will reduce the amount available to TmarPart to make capital expenditures.

If the growth in net operating revenue of the constituent companies in the Business Combination slows or declines in a significant manner, for any reason, TmarPart may not be able to continue servicing its debt. If TmarPart is unable to meet these debt service obligations or comply with these debt covenants, it could

be forced to renegotiate or refinance this indebtedness, seek additional equity capital or sell assets. In this circumstance, TmarPart may be unable to obtain financing or sell assets on satisfactory terms, or at all.

The recapitalisation of TmarPart will increase its net indebtedness after the completion of the Business Combination as compared to the sum of the net indebtedness of Portugal Telecom and Oi.

As part of the Business Combination, Portugal Telecom is expected to purchase debentures from newly created subsidiaries of certain affiliates of AG Telecom and LF Tel ("NewCo1" and "NewCo2") for R\$4,648 million, the proceeds of which will ultimately be used to repay substantially all of the indebtedness of AG Telecom, LF Tel and TmarPart (excluding indebtedness of TmarPart's consolidated subsidiaries). AG Telecom and LF Tel are shareholders of TmarPart and Oi and are parties to certain shareholders' agreements with Portugal Telecom described in "Item Four: Information on the Company—Our Businesses—Brazilian Operations (Oi)—Strategic Partnership with Oi" of Portugal Telecom's Annual Report on Form 20-F for the year ended 31 December 2012, filed with the SEC on 30 April 2013. As of 30 September 2013, AG Telecom had aggregate outstanding indebtedness in the amount of R\$660 million, LF Tel had aggregate outstanding indebtedness in the amount of R\$659 million, and TmarPart had aggregate outstanding indebtedness in the amount of R\$3,329 million aggregate principal of outstanding debt.

As of 30 September 2013, Oi had aggregate outstanding indebtedness in the amount of R\$34,731 million and R\$3,130 million of cash and cash equivalents, and Portugal Telecom had aggregate outstanding indebtedness in the amount of €7,350 million aggregate principal of outstanding debt and €2,541 million of cash and cash equivalents. Although Oi is expected to receive proceeds in the cash portion of the Capital Increase that should reduce Oi's net debt (which is defined as total indebtedness less cash and cash equivalents), the use of the proceeds of the NewCo 1 and NewCo 2 debentures to repay the indebtedness of AG Telecom, LF Tel and TmarPart is expected to increase TmarPart's net debt as compared to the sum of the net debt of Portugal Telecom and Oi if Portugal Telecom were not to invest in the NewCo 1 and NewCo 2 debentures.

As a result of these factors, the risks normally associated with significant amounts of debt, which could have important consequences to Noteholders, will be increased. The indebtedness of TmarPart and its consolidated subsidiaries, including Oi, could, among other things:

- require TmarPart and its consolidated subsidiaries, including Oi, to use a substantial portion of their cash flow from operations to pay their obligations, thereby reducing the availability of their cash flow to fund working capital, operations, capital expenditures, dividend payments, strategic acquisitions, expansion of their operations and other business activities;
- increase their vulnerability to general adverse economic and industry conditions;
- limit, along with financial and other restrictive covenants in the debt instruments of TmarPart and its consolidated subsidiaries, including Oi, their ability to borrow additional funds or dispose of assets; and
- place TmarPart and its consolidated subsidiaries, including Oi, at a competitive disadvantage compared to their competitors that have less debt.

TmarPart and its consolidated subsidiaries may also need to refinance all or a portion of this debt on or before maturity, and they may not be able to do this on commercially reasonable terms or at all.

The merger of shares has not been approved by the boards of directors or shareholders of Oi or TmarPart.

Under Brazilian law, prior to the submission of the merger of shares to the shareholders of Oi and TmarPart, the boards of directors of Oi and TmarPart must approve the merger of shares and the Protocol of Merger of Shares and Instrument of Justification (*Protocolo e Justificação de Incorporação de Ações*) between TmarPart and Oi, which is referred to as the Oi merger agreement.

Following the approval of the merger of shares and the Oi merger agreement by the boards of directors of Oi and TmarPart, the merger of shares and the Oi merger agreement will be submitted to an extraordinary general shareholders meetings of Oi and TmarPart. Approval of the merger of shares will require (1) the

affirmative vote of holders representing a majority of the number of issued and outstanding TmarPart common shares present or represented at a duly convened extraordinary general shareholders' meeting, and (2) the affirmative vote of holders representing a majority of the total number of issued Oi common shares.

Oi's board of directors is expected to approve the merger of shares and the Oi merger agreement at a meeting to be convened shortly after the completion of the Capital Increase, and TmarPart's board of directors is expected to approve the merger of shares and the Oi merger agreement at a meeting to be convened on the same date. However, no assurances can be offered that these approvals will be obtained. In addition, Portugal Telecom has been advised that holders of a sufficient number of shares of Oi and TmarPart intend to vote in favour of the merger of shares at the extraordinary general shareholders meetings of Oi to approve the merger of shares. However, there is no assurance that these approvals will be obtained.

The merger has not been approved by the boards of directors or shareholders of TmarPart or Portugal Telecom.

Under Brazilian and Portuguese law, prior to the submission of the merger to the shareholders of TmarPart and Portugal Telecom, the boards of directors of TmarPart and Portugal Telecom must approve the merger and the Protocol of Merger and Instrument of Justification (*Protocolo e Justificação de Incorporação*) between TmarPart and Portugal Telecom, which is referred to as the PT merger agreement.

Following the approval of the merger and the PT merger agreement by the boards of directors of TmarPart and Portugal Telecom, the merger and the PT merger agreement will be submitted to extraordinary general shareholders meetings of TmarPart and Portugal Telecom. Approval of the merger will require (1) the affirmative vote of holders representing a majority of the number of issued and outstanding TmarPart common shares present or represented at a duly convened extraordinary general shareholders' meeting, and (2) the affirmative vote of holders representing two-thirds of the total number of outstanding Portugal Telecom ordinary shares and A shares at an extraordinary general shareholders' meeting duly convened on first call. The boards of directors of TmarPart and Portugal Telecom are expected to approve the merger and the PT merger agreement at a meeting to be convened shortly after the completion of the Capital Increase. However, there is no assurance that these approvals will be obtained. In addition, Portugal Telecom has been advised that holders of a sufficient number of shares of TmarPart intend to vote in favour of the merger at the extraordinary general shareholders meeting of TmarPart to approve the merger. However, there is no assurance that this approval will be obtained. Finally, there is no assurance that the shareholders of Portugal Telecom will approve the merger.

ANATEL may impose significant obligations on TmarPart as conditions to its approval of the merger, and compliance with these obligations could materially and adversely affect TmarPart's business, financial condition and results of operations.

Under Brazilian regulations, the merger must be submitted to ANATEL to assess its effects on the Brazilian telecommunications services market and to confirm whether the applicable requirements will be met. TmarPart submitted the merger to ANATEL on 12 December 2013. If ANATEL takes any action to impose conditions or performance commitments on TmarPart as part of the approval process for the merger, including conditions that would require TmarPart to undertake significant capital expenditures or would require Oi to divest any significant part of its assets, that action could materially and adversely affect TmarPart's business, financial condition and results of operations and prevent TmarPart from achieving the anticipated benefits of the merger.

The Portuguese Competition Authority may prohibit the merger if it determines that the merger is capable of significantly impeding effective competition in the Portuguese market.

The merger is subject to clearance by the Portuguese Competition Authority and may only be completed after such clearance is obtained following a non-opposition decision (express or tacit). PT submitted a draft notification to the Portuguese Competition Authority on 20 January 2014. Subsequently, the Portuguese Competition Authority may request additional information prior to making a formal filing. The Portuguese Competition Authority may prohibit the merger if it determines that the merger is capable of significantly impeding effective competition in the Portuguese market.

In connection with the Portuguese antitrust review, the Portuguese Competition Authority may ask ANACOM to issue a non-binding opinion on the possible impact of the merger on the Portuguese electronic communications markets in which Portugal Telecom operates. In response to this request, ANACOM may suggest remedies to be adopted by the Portuguese Competition Authority to address effects that ANACOM considers may adversely affect consumers or competition in the Portuguese electronic communications markets.

Additionally, as PT is an active participant in the Portuguese television distribution market, the Portuguese Competition Authority may request an opinion from the Portuguese Media Regulation Authority (*Entidade Reguladora para a Comunicação Social*), or ERC, in connection with the Portuguese antitrust review. There is no assurance that the Portuguese Competition Authority will not prohibit the merger or will not impose additional conditions to the approval of the merger.

Portugal Telecom and Oi will be subject to business uncertainties and contractual restrictions while the Business Combination is pending.

Uncertainty about the effect of the Business Combination on employees, suppliers, partners, regulators and customers may have an adverse effect on TmarPart, Oi and Portugal Telecom. These uncertainties could cause suppliers, customers, business partners and others that deal with Oi or Portugal Telecom to defer purchases, the consummation of other transactions or other decisions concerning their respective businesses, or to seek to change existing business relationships with them. In addition, employee retention may be particularly challenging until the business combination is consummated, as employees may experience uncertainty about their future roles in TmarPart and its consolidated subsidiaries. If key employees depart because of issues relating to the uncertainty and difficulty of integration, TmarPart's business could be harmed. In addition, the merger plan restricts Oi and Portugal Telecom from undertaking major investments and taking other specified actions until the Business Combination occurs unless otherwise agreed. These restrictions may prevent Oi and Portugal Telecom from pursuing attractive business opportunities that may arise prior to the completion of the Business Combination.

If Portugal Telecom fails to obtain all required consents, approvals and waivers, third parties may terminate or alter existing contracts.

Third parties hold pre-emption rights in certain licenses and assets of Portugal Telecom and such rights may be exercisable in connection with the Business Combination. Portugal Telecom is also a party to joint ventures, license agreements and other agreements and instruments, some of which contain change of control provisions that may be triggered by the Business Combination. In addition, other agreements of Portugal Telecom may require the payment of fees in connection with a change of control transaction. If Portugal Telecom is unable to obtain any necessary waiver or consent, the operation of change of control provisions or the exercise of pre-emption rights may cause the loss of significant contractual rights and benefits, the termination of joint venture agreements and licensing agreements or may require the renegotiation of financing agreements and/or the payment of significant fees. We cannot assure investors that TmarPart will be able to negotiate new agreements on terms as favorable to it as those that Portugal Telecom had, or at all.

PT Ventures, an indirect subsidiary of Portugal Telecom, may continue to experience difficulties in receiving dividend payments from Unitel and otherwise exercising and enforcing its rights as a shareholder and under the shareholders' agreement of Unitel.

Portugal Telecom has an indirect 18.75% economic interest in Unitel S.A.R.L., or Unitel, an Angolan mobile telecommunications services provider, through Portugal Telecom's 75%-owned subsidiary Africatel Holdings B.V., or Africatel. PT Ventures, a subsidiary of Africatel, holds a 25% interest in Unitel and is party to a shareholders' agreement with the other three shareholders of Unitel that is governed by Angolan law, which we refer to as the Unitel shareholders' agreement. Among other things, the agreement provides a right of first refusal to the other shareholders if any shareholder desires to transfer any or all of its shares of Unitel, other than transfers to certain affiliated companies. The agreement also provides that a breach of a material obligation by any shareholder permits the other shareholders to purchase that shareholder's stake at net asset value. Disputes under the shareholders' agreement are decided by arbitration.

PT Ventures has not received dividends since November 2012, and it has not received dividends with respect to Unitel's 2011 and 2012 fiscal years. As of 30 September 2013, 31 December 2012 and 31 December 2011, PT Ventures had €243.5 million, €245.7 million and €134.7 million of accounts

receivable, respectively, from Unitel (including €10.2 million, €15.1 million and €21.7 million of dividends receivable, respectively). For certain dividend payments, Unitel is awaiting the authorisation from the Central Bank of Angola to remit the dividends to PT Ventures outside Angola, and for other dividend payments, Unitel has received Central Bank authorisation but PT Ventures has not yet received them.

As a result of disputes between PT Ventures and the other shareholders of Unitel over Portugal Telecom's sale of a minority interest in Africatel during 2007, PT Ventures faces challenges in exercising its rights under, and receiving the benefits of, the Unitel shareholders' agreement and the shares it holds. In addition, PT Ventures has not always been able to appoint all the members to the board of directors to which it is entitled under the Unitel shareholders' agreement, and PT Venture's interpretation of the shareholders' agreement has not always agreed with that of the other Unitel shareholders.

The challenges faced by PT Ventures may be exacerbated by the Business Combination, particularly if the other shareholders of Unitel allege that the Business Combination triggers a right of first refusal to purchase PT Ventures's interest in Unitel under the shareholders' agreement. If this right of first refusal were to be proven to be triggered, PT Ventures might be forced to sell its stake in Unitel under the same terms and conditions as those of the Business Combination. Even if a right of first refusal pursuant to the Unitel shareholders' agreement is not triggered by the Business Combination, Portugal Telecom could find it necessary to dedicate significant time and resources to achieving an acceptable resolution to disagreements between PT Ventures and the other Unitel shareholders, and PT Ventures's efforts may prove unsuccessful. Any failure to achieve an appropriate solution to these disagreements could have a material adverse effect on PT Ventures's ability to receive past and future dividends, to exercise its rights under the Unitel shareholders' agreement and to preserve the value of its investment.

The minority shareholder of Africatel has asserted that the Business Combination triggers certain of its rights under the Africatel' shareholders agreement and has expressed its interest in achieving liquidity in the Business Combination. If Portugal Telecom is required to purchase this interest in Africatel, it will divert resources that could have otherwise been deployed to reduce indebtedness or make investments under Portugal Telecom's business plan. If any such purchase is funded through the incurrence of additional debt of Portugal Telecom, there would be an adverse effect on the consolidated leverage of the combined company following the Business Combination.

Portugal Telecom indirectly owns 75% of the share capital of Africatel and Samba Luxco S.à.r.l., an affiliate of Helios Investors LP, owns the remaining 25%. Africatel holds all of Portugal Telecom's interests in telecommunications companies in sub-Saharan Africa, including Unitel in Angola, Cabo Verde Telecom in Cape Verde, Mobile Telecommunications Limited, or MTC, in Namibia and CST Companhia Santomense de Telecomunicações S.A.R.L. in São Tomé and Príncipe. Portugal Telecom, PT Ventures and Samba Luxco S.à.r.l. are parties to a shareholders' agreement under which Portugal Telecom has ownership and management control of Africatel, which we refer to as the Africatel shareholders' agreement.

In January 2014, Portugal Telecom received a letter from Samba Luxco S.à.r.l., asserting that the business combination triggers certain of its rights under the Africatel shareholders' agreement, without specifying those rights, and has expressed its interest in achieving liquidity in the Business Combination. While reserving its rights, Portugal Telecom has indicated its willingness to enter into discussions with Samba Luxco S.à.r.l.

If Portugal Telecom acquires the interest of Samba Luxco S.à.r.l. in Africatel, whether voluntarily or as a result of the exercise of any rights under the Africatel shareholders' agreement, the acquisition of this interest would reduce the resources that would be available to Portugal Telecom and Oi to reduce their outstanding indebtedness or pursue other investment opportunities. In addition, if Portugal Telecom or Oi incurred additional indebtedness to fund the acquisition of this interest from Samba Luxco S.à.r.l., the consolidated leverage of the combined company would increase from the levels initially expected as a result of the Business Combination.

The business combination may trigger rights of Portugal Telecom's other joint venture partners or may otherwise lead to an unwinding of those joint ventures.

The agreements governing Portugal Telecom's other joint ventures in Africa and Asia may contain provisions that confer certain rights, including call and put rights, on its joint venture parties in the event of a change of control or merger of Portugal Telecom. If these rights are triggered, we could be forced to

exit one or more profitable joint ventures and sell our shares to our joint venture partners at a price significantly lower than the fair market value of our interests in those joint ventures. Alternatively, we could be required to use cash to purchase the joint venture interests of our partners in one or more joint ventures. Any such event could have a material adverse effect on our investment strategy for Africa and Asia, our growth prospects and/or our liquidity and cash flow.

Even if no contractual provision is triggered by any step in the business combination, our relationship with these joint venture partners could change or worsen as a result of the business combination for political, commercial or other reasons. Portugal Telecom does not own a controlling stake in most of its joint ventures, and any challenges that arise with its joint venture partners as a result of the business combination or otherwise could lead to costly and time-consuming negotiations, arbitration or litigation or potentially to the unwinding of our investment in those ventures at a price significantly lower than the fair market value of our investment.

Oi's ordinary shareholders may have withdrawal rights in connection with the Business Combination.

Brazilian legislation grants the right to withdraw from a company (against reimbursement of shares held) to dissenting shareholders, i.e., shareholders who do not agree with a general shareholders' meeting resolution that approves the merger of a company's shares into another company. For this purpose, dissenting shareholders include those that have voted against the resolution, shareholders that did not vote and those who were not present at the relevant meeting. In the case of Oi shares, whenever withdrawal rights are granted, the reimbursement price is based on Oi's net asset value per share.

The Brazilian legislation also sets forth that the right to withdraw does not apply to holder of a class or type of shares that has market liquidity and dispersion. Liquidity is evidenced when the type or class of share, or the certificate that represents it, is part of a general index representing a portfolio of securities in Brazil or abroad, as defined by the Brazilian Securities and Exchange Commission (CVM). Dispersion is evidenced when the majority shareholder, the controlling corporation or other corporations under their control hold less than half of the issued shares of the applicable type or class.

Oi understands that holders of Oi's ordinary shares do not have withdrawal rights in case of approval of the merger of Oi's shares into TmarPart. However, the Brazilian Securities and Exchange Commission (CVM) technical body (the *Superintendência de Relações com Empresas*) issued an official opinion on the matter stating that it understands that Oi's ordinary shares do have withdrawal rights in this case. Oi has filed with the CVM a challenge to this opinion, but no final decision has been rendered yet by the CVM. In addition, such decision by the CVM may be challenged by either Oi or its minority shareholders in courts.

In the event Oi ultimately grants withdrawal rights to holders of Oi's ordinary shares, Oi may be required to make large cash payments, and such payments could decrease Oi's cash balances and limit its ability to borrow funds or fund capital expenditures, which may adversely affect Oi.

The Memorandum of Understanding with respect to the Business Combination contains exclusivity provisions which prohibit PT, Oi and certain of their affiliates from soliciting or considering alternative proposals from any third party.

The Memorandum of Understanding, dated 1 October 2013, with respect to the Business Combination contains exclusivity provisions which prohibit PT, Oi and certain of their affiliates from soliciting or considering alternative proposals from any third party. As a result, these provisions may prevent Oi or PT from receiving or accepting an alternative proposal that could result in greater value to the shareholders of such entity.

ANNEX A
PROFORMA FINANCIAL STATEMENTS OF OI, TMAPART AND PT PORTUGAL

Unaudited Pro Forma Consolidated Condensed Financial Information

The unaudited pro forma consolidated condensed financial information of Oi and TmarPart presented below has been derived from:

- the historical unaudited interim consolidated financial statements of Oi as of 30 September 2013 and for the nine-month periods then ended, prepared in accordance with Brazilian GAAP, which are incorporated by reference in the Disclosure Annex from the Oi Interim Report;
- the historical unaudited interim consolidated financial statements of TmarPart as of 30 September 2013 and for the nine-month period then ended, prepared in accordance with IFRS, which are not included in the Disclosure Annex; and
- the historical unaudited interim consolidated financial statements of Portugal Telecom as of 30 September 2013 and for the nine-month period then ended, prepared in accordance with IFRS, which are included in the Disclosure Annex.

The unaudited pro forma consolidated condensed financial information of PT Portugal presented below has been derived from the historical unaudited interim stand-alone consolidated financial statements of PT Portugal as of 30 September 2013 and for the nine-month period then ended, prepared in accordance with accounting principles generally accepted in Portugal ("**Portuguese GAAP**"), which are not included in the Disclosure Annex. Portuguese GAAP is substantially consistent with IFRS, except, insofar as it relates to PT Portugal, in respect of the accounting for investments in subsidiaries and associated companies using the equity method and accounting for subsidies for investments.

As described in "*Part 4: Description of the Business Combination*" of the Disclosure Annex, TmarPart will undertake an issuance and sale of convertible debt to recapitalize the company and permit TmarPart to pay all of its outstanding indebtedness prior to the merger of shares and the merger. As described under the caption "*Part 4: Description of the Business Combination*" of the Disclosure Annex, the Capital Increase, the merger of shares and the merger are steps in the business combination of TmarPart, Oi and Portugal Telecom. The business combination is expected to result in (1) Oi owning the assets comprising Portugal Telecom's operations in Portugal and Africa, (2) Oi being a wholly-owned subsidiary of TmarPart, and (3) the shareholders of Oi and Portugal Telecom becoming shareholders of TmarPart.

The unaudited pro forma consolidated condensed financial information of Oi and TmarPart were prepared as if:

- the issuance of the TmarPart debentures described in the notes to the unaudited pro forma financial statements included below and the use of the proceeds thereof this issuance;
- the Capital Increase, including the transfer of all of the shares of PT Portugal to Oi in exchange for Oi common shares and Oi preferred shares to be issued in the Capital Increase;
- the merger of shares;
- the merger of TmarPart and Oi with the Oi Holding Companies that hold their shares; and
- the merger,

had been completed on 30 September 2013 for purposes of the unaudited pro forma balance sheet as of 30 September 2013, and on 1 January 2013 for purposes of the unaudited pro forma statements of operations for the nine-month period ended 30 September 2013. The pro forma assumptions and adjustments are described in the accompanying notes presented below.

The unaudited pro forma consolidated condensed financial information of PT Portugal was prepared to give effect to (1) the transfer of all of Portugal Telecom's operating assets, except interests held directly or indirectly in TmarPart, Oi and Contax Holding, to PT Portugal, and (2) the assumption by PT Portugal of

all of Portugal Telecom's liabilities, as if such transactions had been completed on 30 September 2013 for purposes of the unaudited pro forma balance sheet as of 30 September 2013, and on 1 January 2013 for purposes of the unaudited pro forma statements of operations for the nine-month period ended 30 September 2013. The pro forma assumptions and adjustments are described in the accompanying notes presented below.

The unaudited pro forma consolidated condensed financial information should be read in conjunction with the accompanying notes presented below, the historical unaudited interim consolidated financial statements of Portugal Telecom as of and for the nine-month period ended 30 September 2013 and notes thereto, which are included in the Disclosure Annex, the historical unaudited interim consolidated financial statements of Oi as of and for the nine-month period ended 30 September 2013 and notes thereto, which are incorporated by reference from the Oi Interim Report, and the other information included in, or incorporated by reference into, the Disclosure Annex.

The unaudited pro forma consolidated condensed financial information of Oi and TmarPart is provided for illustrative purposes only and does not purport to represent, and the Noteholders should not rely on the unaudited pro forma consolidated condensed financial information as an indication of (1) what the actual consolidated results of operations or the consolidated financial position of Oi would have been had the Oi Capital Increase occurred on the dates assumed, (2) what the actual consolidated results of operations or the consolidated financial position of TmarPart would have been had the issuance of the TmarPart debentures and the use of the proceeds of this issuance, the Oi Capital Increase, the merger of shares, the Oi Holding Companies' mergers and the merger occurred on the dates assumed, or (3) Oi's or TmarPart's future consolidated results of operations or financial position.

Similarly, the unaudited pro forma consolidated condensed financial information of PT Portugal is provided for illustrative purposes only and does not purport to represent, and the Noteholders should not rely on the unaudited pro forma financial information as an indication of (1) what the actual consolidated results of operations or the consolidated financial position of PT Portugal would have been had the expected restructuring of PT Portugal's assets and liabilities in preparation for the Capital Increase or the Capital Increase itself had occurred on the dates assumed or (3) PT Portugal's future consolidated results of operations or financial position.

The unaudited pro forma consolidated condensed financial information does not reflect, for example, (1) any integration costs that may be incurred as a result of the transfer of all of the shares of PT Portugal to Oi, the merger of shares and the merger, (2) any synergies, operating efficiencies and cost savings that may result from this transaction, (3) any effects of the merger of shares described under "Part 4: Description of the Business Combination—Reasons for the Business Combination" of the Disclosure Annex, (4) any benefits that may be derived from the combined company's growth prospects, or (5) changes in rates for services or exchange rates subsequent to the dates of this unaudited pro forma financial information. The parties to the Business Combination have not completed the transactions described above. Accordingly, additional liabilities may be incurred in connection with these transactions. Any additional liabilities and costs have not been reflected in the unaudited pro forma financial information because information necessary to reasonably estimate such costs is not yet available.

Noteholders should be aware that the unaudited pro forma financial information included in the Consent Solicitation Memorandum and in the Disclosure Annex has not been audited by the auditors of Oi, TmarPart and PT Portugal and that, accordingly, the auditors have not issued any audit report on the contents of such unaudited pro forma consolidated condensed financial information, or the basis upon which it has been prepared. The unaudited pro forma financial consolidated condensed information included in the Consent Solicitation Memorandum and in the Disclosure Annex is solely based on assumptions and estimates made by Portugal Telecom or Oi and TmarPart, as the case may be, and neither the Solicitation Agents nor the Tabulation Agent takes any responsibility or liability for the contents of such unaudited pro forma financial information or the basis of preparation. Please refer to "*Risk Factors—Risks Related to the Business Combination—Unaudited Pro Forma Consolidated Condensed Financial Information*".

Notes to the Unaudited Pro Forma Consolidated Condensed Financial Information of TmarPart

1. **TmarPart prior to the completion of the Business Combination** corresponds to the financial statements reported by TmarPart for the nine months ended 30 September 2013, prior to the Capital Increase and any restructuring or other transactions in connection with this Capital Increase.
2. **TmarPart after the completion of the Business Combination** corresponds to the financial statements of TmarPart, which controls and fully consolidates Oi, adjusted for the following:
 - A. The issuance of TmarPart debentures in an aggregate principal amount of R\$3,332 million, subscribed by AG Telecom and LF Tel, the proceeds of which TmarPart will use to redeem its outstanding net debt, but maintaining a certain level of cash balances to pay accrued interest in connection with this debt.
 - B. The same effects mentioned above relating to the Capital Increase, except that instead of resulting in an increase of share capital, the Capital Increase would result in an increase of non-controlling interests, as the Capital Increase is expected to be subscribed for by investors other than TmarPart.
 - C. The merger of Oi, which for accounting purposes would consist only of eliminating the equity and earnings attributable to non-controlling interests of TmarPart relating to the shares of Oi held by investors other than TmarPart as these shares of Oi are expected to be exchanged for shares of TmarPart in the merger of shares.
 - D. The mergers of AG, LF and Bratel Brasil, the controlling shareholders of TmarPart, consisting primarily of (1) the recognition on the balance sheet of TmarPart of a tax benefit amounting to R\$1,800 million on the goodwill generated by those companies in acquisitions of investments in Oi undertaken in prior years, and (2) the recognition in the income statement of TmarPart of certain general and administrative expenses of R\$5 million that AG, LF and Bratel Brasil incurred during the nine months ended 30 September 2013.
 - E. The merger of Portugal Telecom, the effects of which reflect only the recognition in the income statement of TmarPart of certain general and administrative expenses of R\$31 million incurred by this company in the period, as immediately prior to the merger, Portugal Telecom will have no assets or liabilities other than its investment in TmarPart at the moment of the merger.
3. **Other notes:**
 - A. All information is presented in Euros and translated to Brazilian Reais in accordance with IAS 21 The Effects of Changes in Foreign Exchange Rates, based on the exchange rate as of 30 September 2013 for balance sheet purposes (R\$3.04 = €1.00) and on the average exchange rate for the nine months ended 30 September 2013 (R\$2.79 = €1.00).
 - B. Both balance sheet and income statement (including EBITDA figure) are presented based on the formats used in Brazil to report financial information.
 - C. EBITDA is defined as Profit before financial income (expenses) and taxes *plus* depreciation and amortisation expenses. EBITDA is not presented as, and should not be considered as, an alternative measure of operating results or cash flows from operations (as determined by Brazilian GAAP or IFRS), but is a widely used financial indicator of a company's ability to incur and service debt. While commonly used, however, EBITDA is not identically calculated by companies presenting EBITDA and is, therefore, not necessarily comparable to similarly titled measures disclosed by PT or by other companies in the industry. The amounts of the depreciation and amortisation expenses correspond to Euro 1,547 million and Euro 2,288 million in relation to TmarPart prior and after the Business Combination, respectively.

Notes to the Unaudited Pro Forma Consolidated Condensed Financial Information of Oi

1. **Oi prior to its Capital Increase** corresponds to the financial statements reported by Oi for the nine months ended 30 September 2013, prior to any restructuring or other transactions in connection with the Capital Increase.
2. **Oi after its Capital Increase** reflects the share capital increase to be undertaken by Oi as follows:
 - A. The capital increase through PT assets, the fair value of which amounts to R\$6.1 billion, equivalent to an estimated valuation of the Euro 2.0 billion of the PT assets to be transferred in the Capital Increase, representing the midpoint of the estimated range of valuations set forth in the Memorandum of Understanding, dated 1 October 2013 ("MOU"), relating to the Business Combination, translated to Reais based on the exchange rate as of 30 September 2013 (R\$3.04 = €1.00). In connection with the Capital Increase, Oi performed an estimated preliminary purchase price allocation in relation to the acquisition of PT assets, which would result in the recognition of fair value adjustments in relation to the concession and licenses held by the Portuguese wireline and mobile businesses, respectively, the customer lists of both these businesses and the equity investment in Unitel, S.A.R.L., or Unitel. In the pro forma income statement information, these fair value adjustments would be amortised based on concession/licenses periods and, in the case of customer lists, for a 5-year period.
 - B. The cash capital increase of an estimated R\$8,000 million, the estimated amount set forth in the MOU, the proceeds of which are expected to be used to repay short-term debt, net of estimated capital increase costs amounting to R\$350 million.
3. **Other notes:**
 - A. All information is presented in Euros and translated to Brazilian Reais in accordance with CPC 02 The Effects of Changes in Foreign Exchange Rates, based on the exchange rate as of 30 September 2013 for balance sheet purposes (R\$3.04 = €1.00) and on the average exchange rate for the nine months ended 30 September 2013 (R\$2.79 = €1.00).

Notes to the Unaudited Pro Forma Consolidated Condensed Financial Information of PT Portugal

1. **PT Portugal prior to the Capital Increase** reflects the unaudited standalone balance sheet and income statements of PT Portugal as of and for the nine month period ended on 30 September 2013, and prior to any restructuring or other transactions in connection with the Capital Increase. As long as Portugal Telecom is not merged into TmarPart, PT Portugal is not required to present consolidated financial statements as Portugal Telecom already presents those, including PT Portugal and all its subsidiaries. The standalone financial statements are prepared in accordance with accounting principles generally accepted in Portugal ("**Portuguese GAAP**"), which are substantially consistent with IFRS, except, insofar as it relates to PT Portugal, in respect of the accounting for investments in subsidiaries and associated companies using the equity method and the accounting for subsidies for investments.
2. **PT Portugal after the Capital Increase** reflects the unaudited standalone financial statements of PT Portugal as of 30 September 2013, adjusted for (on an IFRS basis) the expected restructuring of PT Portugal in preparation for the Capital Increase:
 - A. The elimination of the investments in Oi, Contax and its controlling shareholders, which are held by PT Portugal indirectly through Bratel Brasil, an indirect subsidiary of PT Portugal.
 - B. The consolidation of all subsidiaries of the Portugal Telecom group, except for PT's interests in Oi, Contax and its controlling shareholders, as mentioned above. For subsidiaries and associated companies that will be acquired by PT Portugal in the restructuring, a preliminary unaudited purchase price allocation has been made, including the accounting for the investments in certain equity investments based on its carrying value on the books of Africatel GmbH (a wholly owned subsidiary of Portugal Telecom) as of 31 December 2013, following a sale of these investments between group companies.
 - C. The use of cash equivalents amounting to Euro 1,530 million to capitalize Oi's controlling shareholders, namely TmarPart, AG and LF, thus reducing the value of the net assets of PT Portugal and its consolidated subsidiaries. These cash equivalents are expected to be used to purchase debentures of PASA Participações S.A. and of EDSP 75 Participações S.A. for a total amount of Euro 1,530 million (R\$4,648 million), which debentures are then expected to be converted into shares.
 - D. The write-off of deferred tax assets, amounting to Euro 212 million, which relate to tax loss carryforwards that will no longer be realized following the merger of Portugal Telecom into Oi and thus cannot be transferred to PT Portugal.
3. **Other notes:**
 - A. EBITDA is defined as Profit before financial income (expenses) and taxes *plus* Depreciation and amortisation expenses *plus* Post retirement costs *plus* Curtailment costs *plus* Losses (gains) on disposal of fixed assets, net *plus* Other costs, net, in each case as set forth in the pro forma income statement information table above. EBITDA is not presented as, and should not be considered as, an alternative measure of operating results or cash flows from operations (as determined by Brazilian GAAP or IFRS), but is a widely used financial indicator of a company's ability to incur and service debt. While commonly used, however, EBITDA is not identically calculated by companies presenting EBITDA and is, therefore, not necessarily comparable to similarly titled measures disclosed by Portugal Telecom or by other companies in the industry.

Unless the context otherwise requires, capitalised terms used but not defined in this Notice shall have the meaning given in the Trust Deed, the terms and conditions of the Notes (the "**Conditions**") or the Consent Solicitation Memorandum (as defined below), as applicable.

EXTRAORDINARY RESOLUTION IN RESPECT OF THE NOTES

"THAT this Meeting of the holders (the "**Noteholders**") of those Notes of Portugal Telecom International Finance B.V. presently outstanding constituted by the trust deed dated 17 December 1998 as supplemented on 19 September 2000, 20 December 2000, 4 February 2002, 29 April 2003, 7 November 2006, 23 April 2010 and 1 June 2012 and as further supplemented or amended from time to time (the "**Trust Deed**"), made between the Issuer, Portugal Telecom, SGPS, S.A ("**PT**"), PT Comunicações, S.A. and Citicorp Trustee Company Limited (the "**Trustee**") as trustee for the holders of the Notes hereby:

- (a) approves and assents to the modification of the terms and conditions of the Notes (as set out in the Trust Deed, and as completed by the relevant Final Terms) by (i) the release and discharge of PT as keep well provider from all of its obligations in respect of the Notes and the release and discharge of PTC as keep well provider from all of its obligations in respect of the Notes; (ii) the addition of an unconditional and irrevocable guarantee from Oi S.A., which is set out in the Supplemental Trust Deed (as defined below); (iii) the waiver of any and all of the Events of Default and Potential Events of Default (as such terms are defined in the Trust Deed) that may be triggered by the Capital Increase and/or the Business Combination described in the Consent Solicitation Memorandum (as defined below) or any transaction executed as part of, or pursuant to, the Capital Increase and/or the Business Combination; (iv) the making of certain amendments consequential to, and in addition to, the modifications referred to in (i) to (iii) above (such modification, release, discharge, addition, amendments and waiver (together the "**Proposals**"), as set out in the supplemental trust deed supplementing the Trust Deed (the "**Supplemental Trust Deed**") and the supplemental agency agreement supplementing the agency agreement dated 17 December 1998 as supplemented or amended from time to time (the "**Supplemental Agency Agreement**") in or substantially in the form of the drafts made available for inspection at the specified offices of the Tabulation Agent on and from 7 February 2014); and (v) the implementation of the Proposals on, and subject to, the conditions set out in the consent solicitation memorandum dated 7 February 2014 from the Issuer addressed to the Noteholders (the "**Consent Solicitation Memorandum**");
- (b) agrees that the waiver referred to in paragraph (a)(iii) above shall be effective from the date of the approval of this Extraordinary Resolution, provided that the Supplemental Trust Deed is executed prior to the completion of the Capital Increase. If the Supplemental Trust Deed is not executed prior to the completion of the Capital Increase, such waiver will be rescinded and will be deemed never to have been given;
- (c) authorises, directs, requests and empowers the Trustee (i) to concur in and to execute the Supplemental Trust Deed and the Supplemental Agency Agreement and (ii) to concur in, and to execute and do, all such other deeds, instruments, acts and things as may be necessary or appropriate to carry out and give effect to this Extraordinary Resolution and the implementation of the Proposals;

- (e) sanctions and assents to every abrogation, amendment, modification, compromise or arrangement in respect of the rights of the Noteholders against the Issuer or any other person whether such rights shall arise under the Trust Deed or otherwise involved in or resulting from or to be effected by, the Proposals and their implementation;

- (f) acknowledges that the Issuer may choose not to implement the Proposals and not to execute the Supplemental Trust Deed or the Supplemental Agency Agreement notwithstanding the fact that this Extraordinary Resolution is passed; and
- (g) acknowledges that capitalised terms used but not otherwise defined in this Extraordinary Resolution have the meanings given to them in the Consent Solicitation Memorandum."

Full details of the background to, and the reasons for, the Proposals and the Extraordinary Resolution are contained in the Consent Solicitation Memorandum, copies of which are available upon request from the Tabulation Agent.

The attention of Noteholders is particularly drawn to the quorum required for the Meetings and for an adjourned Meeting which is set out in paragraph 8 of "*Voting and Quorum*" below.

Copies of the Trust Deed (including the Conditions) and the draft Supplemental Trust Deed and Supplemental Agency Agreement referred to in the Extraordinary Resolution set out above and of certain other relevant documents will be available for inspection at the specified offices of the Tabulation Agent set out below.

In accordance with normal practice, the Trustee expresses no opinion as to the merits of the Consent Solicitation or the Proposals (which it was not involved in negotiating). It has, however, authorised it to be stated that, on the basis of the information set out in the Consent Solicitation Memorandum (which it recommends Noteholders to read carefully) and in this Notice, it has no objection to the Extraordinary Resolution referred to above being submitted to the Noteholders for their consideration. The Trustee has, however, not been involved in formulating the Consent Solicitation, the Extraordinary Resolution or the Proposals and makes no representation that all relevant information has been disclosed to Noteholders in the Consent Solicitation Memorandum and this Notice. Accordingly, the Trustee urges Noteholders who are in any doubt as to the impact of the implementation of the Extraordinary Resolution or the Proposals to seek their own independent financial advice.

The terms and conditions of the Consent Solicitation Memorandum are without prejudice to the right of a Noteholder to attend and vote at the relevant Meeting as set out in this Notice and in the Trust Deed.

IMPLEMENTATION

If the relevant Extraordinary Resolution is passed, the waivers of Events of Default and Potential Events of Default referred to in limb (iii) of paragraph (a) above will be effective immediately, provided that the Supplemental Trust Deed is executed prior to the completion of the Capital Increase. If the Supplemental Trust Deed is not executed prior to the completion of the Capital Increase, such waivers will be rescinded and will be deemed never to have been given.

The other Proposals in relation to the Notes will be implemented by the Supplemental Trust Deed. The guarantee of the Notes by Oi is set out in the Supplemental Trust Deed. The execution of the Supplemental Trust Deed will take place after the relevant Extraordinary Resolution has been passed, although the terms of the Supplemental Trust Deed remain conditional on, and will not take effect unless and until, the completion of the Capital Increase.

CONSENT INSTRUCTION, EARLY CONSENT FEE AND LATE CONSENT FEE

Subject to the terms and conditions specified in the Consent Solicitation Memorandum including the Payment Conditions being satisfied, Noteholders who have voted in favour of the relevant Extraordinary Resolution by delivering or procuring the delivery of a Consent Instruction (which is not validly revoked) will be eligible to receive either the Early Consent Fee or the Late Consent Fee as follows:

- (i) if such Consent Instruction is received by the Tabulation Agent **by the Early Voting Deadline**, the relevant Noteholder will be eligible to receive the Early Consent Fee of 0.40 per cent. of the aggregate principal amount of Notes which are the subject of such Consent Instruction; or
- (ii) if such Consent Instruction is received by the Tabulation Agent **after the Early Voting Deadline but prior to the Expiration Deadline**, the relevant Noteholder will be eligible to receive the Late Consent Fee of 0.15 per cent. of the aggregate principal amount of Notes which are the subject of such Consent Instruction.

The Early Consent Fee of 0.40 per cent. of the aggregate principal amount of Notes which are the subject of a Consent Instruction in favour of the relevant Extraordinary Resolution (which is not validly revoked) will be paid in two instalments, on the First Payment Date and the Final Payment Date, respectively, if the relevant Payment Conditions are satisfied, as follows:

- (a) 0.15 per cent. of the aggregate principal amount of Notes which are the subject of a Consent Instruction in favour of the relevant Extraordinary Resolution will be payable on the First Payment Date, if the First Payment Condition is satisfied; and
- (b) 0.25 per cent. of the aggregate principal amount of Notes which are the subject of a Consent Instruction in favour of the relevant Extraordinary Resolution will be payable on the Final Payment Date, if the Final Payment Conditions are satisfied.

The Late Consent Fee of 0.15 per cent. of the aggregate principal amount of Notes which are the subject of a Consent Instruction in favour of the relevant Extraordinary Resolution (which is not validly revoked) will be payable in one instalment on the Final Payment Date, if the Final Payment Conditions are satisfied.

VOTING AND QUORUM

1. The provisions governing the convening and holding of the Meetings are set out in Schedule 3 to the Trust Deed, a copy of which is available for inspection by the Noteholders during normal business hours at the respective specified offices of the Tabulation Agent set out below.
2. All of the Notes are represented by a global note held by a common depositary (in the case of the March 2017 Notes and the 2025 Notes) or a common safekeeper (in the case of the 2016 Notes, the November 2017 Notes, the 2018 Notes, the 2019 Notes and the 2020 Notes) for Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**") and/or Euroclear Bank S.A./N.V. ("**Euroclear**"). For the purposes of the Meetings, a "**Noteholder**" shall mean each person who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular principal amount outstanding of the Notes.
3. A Noteholder wishing to attend a Meeting in person must produce at such Meeting a valid Voting Certificate issued by a Paying Agent relating to the Note(s) in respect of which he wishes to vote. Notes may, not less than 48 hours before the time fixed for the Meeting, be deposited with Paying Agents or (to their satisfaction) held to their order or under their control for the purposes of obtaining Voting Certificates or appointing proxies.
4. A Noteholder not wishing to attend and vote at a Meeting in person may either deliver his valid Voting Certificate(s) to the person whom he wishes to attend on his behalf or give a voting instruction by submitting a Consent Instruction through Clearstream, Luxembourg and/or Euroclear to the Tabulation Agent (contact details set out below) instructing the Principal Paying Agent or a Paying Agent to appoint a proxy to attend and vote at such Meeting in accordance with its instructions.
5. The Consent Solicitation is not extended to any Noteholder whose participation in the Consent Solicitation would violate the laws of its jurisdiction of residence or domicile or require registration of the Consent Solicitation with any applicable governmental authority in that jurisdiction.
6. Only Direct Participants may submit a Consent Instruction. If you are not a Direct Participant, you must arrange for the Direct Participant through which you hold the relevant Notes to submit a Consent Instruction on your behalf to the Tabulation Agent through the relevant Clearing System.

7. A Noteholder must request the relevant clearing system to block the relevant Notes in his own account and to hold the same to the order or under the control of a Paying Agent not later than 48 hours before the time appointed for holding a Meeting in order to obtain Voting Certificates or to give Consent Instructions in respect of such Meeting. Notes so blocked will not be released until the earlier of:
- (i) in respect of Voting Certificate(s):
 - (A) the conclusion of the Meeting (or, if applicable, any adjournment of the Meeting); and
 - (B) the surrender of the Voting Certificate(s) to the Paying Agent who issued the same and the notification by such Paying Agent to the relevant clearing system of such surrender or the compliance in such other manner with the rules of the relevant clearing system; and
 - (ii) in respect of Consent Instructions:
 - (A) the date on which the Consent Solicitation is terminated by the Issuer (provided that such termination is more than 48 hours before the time set for the Meeting);
 - (B) the date on which the relevant Consent Instruction is validly revoked in accordance with the terms of the Consent Solicitation Memorandum; and
 - (C) the conclusion of the Meeting (or, if applicable, any adjournment of the Meeting).

For the above purposes, instructions given by a Direct Participant to the Tabulation Agent through Euroclear or Clearstream, Luxembourg will be deemed to be instructions to the Principal Paying Agent.

8. The quorum required at a Meeting is one or more persons present holding Voting Certificates or being proxies or representatives and holding or representing in the aggregate more than 50 per cent. in nominal amount of the Notes for the time being outstanding. In the event that such quorum is not obtained at a Meeting, such Meeting will be adjourned for not less than 14 clear days nor more than 42 clear days, and to such place as may be appointed by the chairman either at or subsequent to such meeting and approved by the Trustee. At any adjourned Meeting one or more persons present holding Voting Certificates or being proxies or representatives (whatever the nominal amount of the outstanding Notes held or represented by them) shall form a quorum.
9. Voting Certificates and Consent Instructions given in respect of a Meeting (unless surrendered or, as the case may be, revoked not less than 48 hours prior to any adjourned Meeting) shall remain valid for such adjourned Meeting.
10. All questions as to the form of documents and validity, eligibility (including time of receipt) and acceptance of Consent Instructions will be determined by the Issuer in its sole discretion, and such determination will be final and binding. The Issuer reserves the absolute right to reject any or all Consent Instructions which it determines are not in proper form or which may, upon the advice of the Issuer's legal counsel, be unlawful, including, without limitation, if it is determined that a Noteholder's participation in the Consent Solicitation would not be permitted under the laws of its jurisdiction of residence or domicile or require registration of the Consent Solicitation with any applicable governmental authority in that jurisdiction.
11. Every question submitted to a Meeting will be decided on a show of hands unless a poll is duly demanded by the chairman of such Meeting, the Issuer, PT Comunicações, S.A., the Trustee or any person present holding a definitive note or a Voting Certificate or being a proxy or representative (whatever the nominal amount of the Notes so held or represented by him). On a show of hands every person who is present in person and produces a definitive note or Voting Certificate or is a proxy or representative shall have one vote. On a poll every person who is so present shall have one vote in respect of each euro 1 in principal amount outstanding of the Notes so produced or represented by the Voting Certificate so produced or in respect of which he is a proxy or representative.

12. To be passed, the relevant Extraordinary Resolution requires a majority in favour consisting of not less than three-fourths of the persons voting at a Meeting upon a show of hands or, if a poll is duly demanded, by a majority consisting of not less than three-fourths of the votes cast on such poll. If passed, the relevant Extraordinary Resolution will be binding upon all the Noteholders, whether or not present at such Meeting and whether or not voting.
13. Notice of the result of the voting on any resolution duly considered by the Noteholders shall be published in accordance with Condition 14 by the Issuer within 14 days of such result being known PROVIDED THAT the non-publication of such notice shall not invalidate such result.
